- Docker
- Portainer, Swarmpit, Dozzle
- Dahua, Hikvision, Jablotron

COMPETENCE

Software development

Knowledge of API design

SQL integration

Technical writing

LANGUAGE

English

Czech

Dynamic **Backend** developer with frontend reach, focused on software performance and reliability. I work daily with Node.js and PostgreSQL, with additional experience in Vue. AI tools are a standard part of my workflow – they speed up my development without compromising code quality. I perform equally well working independently or as part of a team.

Education

9. 2015 –
6. 2019

Information Technology

Střední průmyslová škola Emila Kolbena - Rakovník

9. 2019 –
